

LAMINATING POUCHES

Our pouches are pre-cut in a variety of sizes. They are open on three sides and sealed on one. Simply insert your document into the pouch, place the pouch in a carrier and run it through the laminator. We use the best polyester/adhesive composition in our pouches to assure high quality and clear lamination.

Pouches are an easy way to laminate menus, covers, maps, certificates, drawings, newspaper articles, charts, diplomas, ID cards, licenses, membership cards, etc. The list is endless.

Adhesive Back Pouches

Adhesive back laminating pouches (Sticky Lam) are useful for signs, posting rules or anything that needs to adhere to another surface.
